Recent Production Activities (Seussical)
Close-out Report - Gann/Rodenbeck

Public Comments -- I was just blown away by Seussical --
one of the best shows I've seen on the Vanity stage.
Everything came together. Some absolutely first rate
individual performances, but the ensembles and chorus
were first rate as well. Please pass this along to
the board -- ultimately, you guys get some credit
because it takes solid management to create an
environment where great theatre can happen.
